12	Fallow deer*, roe deer*	300-1,500	
13	Deer *	600-10,000	

These prices are not fixed. The private game sanctuary may increase or decrease them depending on hunting demand for each of the game types listed above. The statutory taxes will be added to the above listed prices.

As regards game types 11 to 13 of the above list, prices vary according to animal size. The price scale shall be communicated at the beginning of each hunting year and shall depend on the available animals. The price of all game animals shall be calculated according to their weight to the exclusion of the trophy that shall be left to the sanctuary.

Please note that according to the provisions of decision no. 38161/4136/2009 of the Deputy Minister for Rural Development and Food (GG B' 637/6-4-2009) that sets out restocking methods and requirements for both biotopes and game sanctuaries, all restocking animals shall be accompanied by certificates of genetic origin.
